Your Key to Smart Manufacturing

Modules shown: BoM, P.P & S.F, SALES, INV, PUR, F.A, HR

**ZOOT**

ZOOT *Mfg*

Manufacturers these days face tough challenges such as Cost Reduction, On-Time deliveries, Optimizing inventory levels, improve cash flows and so on.

Organizations need to be empowered with real time data by measuring the right things & tracking KPIs, to make profitable decisions.

ZOOT Mfg is our core ERP engine, consisting of business modules integrated together, offering a comprehensive end-to-end solution to business users.

It can be bought together as a suite or as sets of modules which can be added on as Plug & Play.

• READY TO GO   • ON PREMISE & SaaS   • SCALABLE   • BUSINESS USER DRIVEN   • MODULAR
